FONDS DESCRIPTION

HERTA RICHTER FONDS . --1898, 1923, 1945-1993

Physical Description:

1784 photographs and other material

Biography / Admin History:

Herta Ernestine Richter was born in Riga, Latvia in 1923 and moved to a farm in Alberta, Canada as a young child with her family. In 1955 Herta became a Registered Nurse (RN) and worked in Alberta for a few years before receiving another diploma in public health nursing in 1959. For two years she worked in Fort Good Hope, NWT and then returned to Alberta.

Her long career nursing in northern Canada began when she once again moved north, in 1964, and worked in the Northwest Territories communities of Fort Liard, Spence Bay, Fort Resolution and Yellowknife. In 1973 Herta moved to Old Crow, Yukon and worked there until 1978. Herta then worked in the Yukon communities of Pelly Crossing, Mayo and Elsa. In 1986 Herta moved to Whitehorse where she was employed as a Health Educator at No. 4 Hospital Road to establish a resource library of information on Health Education - books, videos and pamphlets - material which was available to nurses in the communities.

The records suggest that Herta was a very enterprising individual involved with buying and selling of furs and First Nations handicrafts. She was a very giving and outgoing individual. She was known as a collector, photographer and gardener. Herta Richter retired in the late 1980s and died in Whitehorse in 1993.

See Approximate Timeline of Herta Richter's Life in the finding aid for more specifics.

Custodial History:

The Richter family donated the fonds to the Yukon Archives in 1993. In December 1993 the Yukon Archives staff were invited to the home of Herta Richter to help sort through the papers, books, film, photographs, and artefacts and handicrafts she had accumulated. Of the 17 metres collected by the Archives staff, 1.66 m were retained for further appraisal (see Finding Aid Appendix B - Government records) and 1.33 m were retained for distribution to family, Alberta Nurses Society and the Northwest Territories Archives, at the family's request. Personal correspondence not related to the north was either returned to family or discarded. The Yukon Public Library system received books of general interest and the MacBride Museum received her collection of artifacts and handicrafts.

Scope and Contents:

The fonds consists of private and public records created or accumulated by Herta Richter during the 31 years she worked as a nurse in communities of the Northwest Territories and Yukon Territory.

The fonds has been divided into eight series: Nursing Career; Personal Files; Miscellaneous; Photographs; Sound Recordings; Films; Maps; and Imprint. Included are photographs of First Nations people, traditional clothing and lifestyles during the 1970s, First Nations graveyards, nurses, nursing stations and conferences, people, scenery, plants and activities in the north; textual records of daily nursing activities, conferences, and reports; sound recordings and films of activities in Old Crow, Yukon; maps dealing with location of patients in isolated communities and with issues of concern to northern nurses; and books and pamphlets relating to the Yukon.

Title Notes:

The title is based on provenance.

Physical Description Notes:

Includes 0.85 m of textual records, 4 audiocassette tapes, 11 film reels, 4 maps and over 200 books and pamphlets.

Arrangement:

Herta Richter's original system of order for her personal records was the use of envelopes, groupings and occasionally, folders. She used location, subject or date for sorting. Where possible, original order was maintained and file titles were given based upon content of folder or envelope. Correspondence and conferences were arranged in date order by the archivist and separated into personal or employment related.

General Notes:

This project was made possible by financial assistance from the federal government through the National Archival Development Program (NADP) as administered by Libraries & Archives Canada and delivered by the Canadian Council of Archives and the Yukon Archives.

Access Restrictions:

Restrictions apply to all the diaries. This is indicated at the series level and in the file listing. There are no donor imposed restrictions on the remaining material. General copyright or institutional or legal restrictions may apply.

Finding Aid:

Inventory to the Herta Richter fonds held at the Yukon Archives, March 2008.

SERIES 4: PHOTOGRAPHS. —1898, 1961-1993

Physical Description:

1784 photographs : 824 col. prints, 556 col. negs, 360 col. slides, 10 b&w slides, 20 col. postcards, 6 b&w postcards, 6 b&w prints, 2 b&w negs

Scope and Contents:

This series contains photographs and slides taken by Herta Richter, of the various communities in which she lived and worked in the Yukon, of Old Crow, Mayo, Elsa, Keno City, Pelly Crossing, Dawson City, Rampart House and the Old Mayo Indian Village including aerial shots of some as she was flown into the communities. The images illustrate Herta's active lifestyle with friends and her appreciation of the local flora and scenery. Herta also documented local social events as well as events of nature such as the flood in Old Crow in 1973. Included in the images are First Nations people, traditional clothing and lifestyles during the 1970s, First Nations graveyards, nurses, nursing stations and conferences, Mayo General Hospital, abandoned mining buildings, aircraft, birds, caribou, cross country skiing in Old Crow, dogs, flowers, horses, hunting, landscapes, spring break-up on the Porcupine and Stewart Rivers, slide reproductions of Gold Rush era photographs, parade floats and Yukon Sourdough Rendezvous 1982.

Physical Description Notes:

The col. negs are 35 mm and match the col. prints. The 2 b&w negs match 2 of the b&w prints. One b&w print is hand-coloured.

Arrangement:

The photographs are arranged into three sub-series: Original Photographs, Postcards, and Klondike Stampede. The Original Photographs are arranged by the name of the community in which Herta Richter was working or visiting, and then within those groupings predominantly by chronological order. There are also some photographs which are not arranged by community but in a personal and family sub-grouping. Original caption information was taken from photographs when available. Information in square brackets [] was provided by the Archivist.

Access Restrictions:

There are no donor-imposed restrictions on this material. General copyright or institutional or legal restrictions may apply.

GOVERNMENT FILES SELECTED FOR PARTIAL RETENTION

This series consists of alienated federal health records and related territorial advanced education records collected by Herta Richter Public Health Nurse, possibly in her role as Health Educator in the 1986-ca.1988. Original order was maintained where possible and imposed where non-existent.

The records were appraised by Clara J. Rutherford and David Porter in consultation with Health Services Canada, Canadian Nurses Association, Alberta Nurses Association, Linda Powers (Manager, Information & Records, Health & Social Services, Yukon Government), Jennifer Schneider (Departmental ATIPP Coordinator, Yukon Government) and with Yukon Archives staff Lesley Buchan (Territorial Archivist), and Vanessa Thorson, Jennifer Roberts and Wendy Sokolon (Government Records Archivists).

Transitory records were discarded. Herta Richter's personal records were separated out and filed with her employment related correspondence. The advanced education records appear to be part of the Community Health Nursing program which again may have been part of Herta Richter's responsibility in the late 1980s.

The federal health records deemed to be of enduring value have been maintained to be verified against the one thousand (1000) boxes of official records of the Department of Health and Social Services which are currently under review before potential transfer to Yukon Archives. If Herta Richter's records are the only extant copies they will be maintained as government records with a note that the records had been alienated. This will be noted in the custodial history and the final location will be added to the file lists for boxes temporarily numbered 93/149 #7, #16, #18, #25 and #27.
